Reason for Allowance

1. Claims 1-9 are allowed for the following reasons:

The instant application is deemed to be directed to a nonobvious improvement over the invention patented in Pat. No. 5715339.

Claims 1, 2, 7 and 9 are allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious the step of wherein a temporal delay in the optical pulse transmitted through the slowest channel relative to a faster channel is used to determine a length of a fiber to be removed from the slowest channel in combination with the rest of the limitations of the base claim.

Claims 3-6 are allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious the step of the relative pulse delay between each of the channels relative to a slowest channel is calculated and mapped in combination with the rest of the limitations of the base claim.

Claim 8 is allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious the step of wherein the calculated material length for removal is determined by the formula $L_d = t_d * C/n_d$ in combination with the rest of the limitations of the base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
